

S 120 POWER CUT

S 120 POWER CUT - Experience powerful performance in the tightest spaces

This mini cutter offers unmatched versatility with exceptional cutting capabilities, making it the perfect tool for precision work in confined and hard-to-reach areas.

The **S 120 e POWER CUT** is an invaluable addition to any battery-powered rescue kit or as a standalone tool for a wide variety of applications.

It excels in confined spaces, and is extremely lightweight and ergonomic allowing for easy one-handed positioning and operation.

Applications include:

- cutting Vehicle pedals
- steering wheels
- head restraints
- door check straps during technical rescue
- Reinforced bar during urban search and rescue operations
- Padlocks and chains for forcible entry

The **S 120 e POWER CUT** is primarily used where large hydraulic cutters cannot be deployed due to space constraints.

The **S 120 POWER CUT** is powered by an 18-volt Makita battery, item number: 90-53-50.
The matching charger can also be ordered under item number: 90-53-51.

Technical Data

Dimensions:	465 x 81,6 x 127,3 mm
Battery:	18 V
EN Cutting capacity:	1E - 2C - 3B
Weight:	3,7 kg
Blade opening:	52,3 mm
NFPA cutting classes:	A5/B3/C2/D3/E3
Round steel up to:	22 mm
Cutting force up to:	183 kN
Protection class:	IP44
